About Screen Pals

Screen Pals is a Made-in-India Android app. A friendly 3D pal lives on your phone and reminds you to drink water, eat on time, walk and take breaks from reels. People can turn a photo of a loved one into a pal. Businesses can give customers a pal in their own brand.

What you will do

Find businesses near you
Cafés, bakeries, restaurants, gyms, schools, clinics, salons and shops in your area.

Show them Screen Pals
Their mascot as a pal on customers' phones, a virtual town and kitchen game, and rewards.

Help them get started
Collect their logo and details. We draw their pal; you help them put their QR card at the counter.

Stay in touch
Visit again, help them share the pal with customers, and tell us what they need.
